QUARTER 2 : 2018

Welcome to our second newsletter of 2018.

COMPLETED RENOVATIONS

As most of our patients are aware last year Rosebud Dental Group underwent renovations. Our flooring was the main focus and after an initial anticipated completion time of a week, major issues with the concrete slab extended the time to finish to 6 months.

The clinic has also had a fresh coat of paint and new blinds installed. The new local beach scenery photographs in the hallway were purchased from OnWhite Photography.

We are pleased to announce that it is now complete and the improvement is outstanding. It has been wonderful to hear all your complimentary comments when you come for appointments about how much it has improved the look of the clinic.

For those of you that haven't been in since the renovation we've added in some before and after photos for you.

OXFAM RESULTS Congratulations Team KLMS R US

Malcolm and Kellie participated in Oxfam trailwalker together with Malcolm's daughter Lucy and nephew Sam on Friday 23rd March.

The trail is the equivalent of running from Rosebud to Dromana then up and down Arthurs Seat 6 times before walking to Mt Eliza and back and then going up and down Arthur's Seat two more times.

They completed the 100km in 21 hours and 42 minutes, with all 4 team members crossing the finish line at 5:12am, taking 47th place out of 508 entries and raising \$7339 for Oxfam.

What an incredible effort!!!!

A huge thank you to all the patients who donated to the team, further donations may still be made until the end of April.
