## Newsletter

QUARTER 4 : 2010

Welcome to our first newsletter. 2010 has been a progressive year for us with many changes and developments taking place to better serve the needs of our patients.

### ARRIVALS & DEPARTURES

It is with pleasure we welcome Dr Peter Coghill back to the practice. Peter has rejoined us after extended sick leave and we are sure those of you who already know him will be pleased to hear of his return. Peter is here on Tuesdays and Wednesdays each week. Prior to returning to Melbourne and joining us Dr Coghill, a 1974 Melbourne University Graduate, had a very busy long standing practice in Traralgon. Peter is now enjoying being able to offer his experience and knowledge to patients without the associated complication of having to administer such a busy practice.

**Dr. Peter Coghill**

As well as Dr Coghill returning we are also fortunate enough to have obtained the services of the delightful Dr. Heba Elbarki who joined the practice in March this year. She has been warmly received by our dental team and patients alike. Heba graduated from the Dental School in Alexandria in Egypt in 1998 and practiced there

until 2004 when she decided to return to Australia. Having her skills recognized by the Australian Dental Board she has practiced in both the public and private sectors. Heba is passionate about dentistry and preventative dentistry in particular, a great motivator in helping patients maintain their oral health.

**Dr. Heba Elbarki**

Derek, Malcolm, Bernard and Tom are very pleased to welcome Peter and Heba and have no hesitation in recommending them to you, particularly if you have an emergency. So if you require an appointment, for any reason, earlier than is available with your usual dentist please do not hesitate to take up the opportunity to see Dr Coghill or Dr Elbarki.

Sadly for us our long time receptionist Grace moved to Townsville in pursuit of a warmer climate. We are all a little jealous as we get through a very cold winter here on the peninsula. We wish Grace all the best for the future.

### PRACTICE MANAGER

Hope Tollan is our new practice manager. After training and qualifying as a dental assistant in 2001, she has since completed her Certificate and Diploma of Practice Management. With over 10 years experience in the dental industry in the local area, Hope's management

skills are invaluable as she takes over the day to day running of our growing practice. Her addition as team leader has been greatly appreciated by all of us.

**Hope Tollan**

### SURGERY MODIFICATIONS

Dr. Campbell's surgery has recently been renovated with all new cabinetry installed and Drs. Coghill and Elbarki's surgery is about to be upgraded with a new chair and new cabinetry being installed. We anticipate minimal disruption but apologise for any inconveniences this may cause in the coming weeks.

### PARKING

We know there are parking difficulties surrounding the surgery which have been exacerbated by the building developments at the rear of the hospital. Our landlord has a plan for submission to council combining our car park with South Coast Medical's which will increase the overall number of parking spots.

### MEDICARE TEEN

A reminder that this years Medicare Teen Vouchers expire in December. As this will quickly come around we recommend if you haven't already used the voucher and you wish to, that you book in soon.
