

Newsletter

QUARTER 3 : 2020

Welcome to our Quarter 3 newsletter and wow we have so much to tell you all!!

DR. ELLA JIN

It's big congratulations to Ella and Will who are expecting their second child in July. Ella was due to start her maternity leave towards the end of June, however given the circumstances with Covid-19 she started it earlier and will return on Wednesday 4th November. She will then be reducing to 3 days a week to spend some extra time with her gorgeous children. We are all wondering whether it will be a little brother or sister for Ava?

WELCOME DR. RACHEL ETZION

Dr. Rachel Etzion was due to start at Rosebud Dental Group at the start of April. What a time to start a new position in dentistry!

Finally we can welcome Rachel into our team. Rachel will be available for appointments on Tuesday, Thursdays and Fridays. Appointments are available online or by calling our friendly reception team.

Rachel is originally from Melbourne and is thrilled to move to the Mornington Peninsula to join the team at Rosebud Dental Group.

After considering a variety of vocational qualifications, she embarked on the long and winding road to become a Dentist and is now a proud graduate of The University of Melbourne. She was grateful to have trained in both the public and private sectors throughout metropolitan and regional Victoria and is looking forward to joining a dental practice that is so community-oriented.

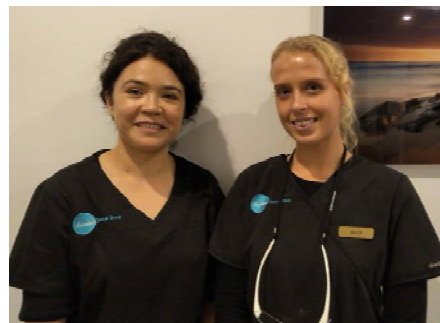

Rachel enthusiastically enjoys all aspects of general dentistry and is looking forward to meeting members of her new local community and helping them achieve an optimal level of dental health. She is keenly interested in contemporary treatment advances and has a commitment to excellence and life-long learning.

Beyond dentistry, Rachel is busy exploring the Peninsula, seeking out hikes, beaches and cute cafes to do the crossword.

WELCOME SHARIFA AND ALEX

You may also see some new faces within the clinic. Sharifa joined us last year but has recently joined us on a permanent basis. Alex also joined us earlier this year. Both Sharifa and Alex will be joining Amy as Mindy's assistants.

COVID-19 UPDATE LEVEL 1 DENTAL RESTRICTIONS

On May 11th dentistry went back to Level 1 Restrictions. The safety of our patients and staff is our top pri-

ority and we acknowledge that restrictions help stop the spread of coronavirus. Level 1 Dental Restrictions means that all dental treatment can now be provided under the strict standard infection control precautions which govern the dental industry, however it does not mean our clinic is back to normal.

The waiting room has been arranged to assist with social distancing and there are no contact items such as magazines and children's activities. There are also plenty of hand sanitising stations and we ask that you use these on entering the clinic. We also ask that if you have any cold / flu like symptoms or fever to please re-schedule your appointment.

Our high standards make Rosebud Dental Group an environment where you can be confident all your treatment needs will be met professionally and safely.

Our reception team have been working hard to contact everyone who had their appointments cancelled during the Level 2, and the Level 3 Emergency Only Restrictions. If your appointment was cancelled and we have not yet contacted you, please don't hesitate to ring the clinic and rebook your appointment.

APPRECIATION POST

Thank-you to our wonderful teams who worked through the COVID restrictions. Working on the front lines to provide emergency dental treatment during the height of the outbreak was a daunting task. You all did an amazing job!
